**LIVE-WEBINAR**

Language  
English

Duration  
approx. 30 min.

**TUESDAY**  
**10 MARCH 2026**

## Target Audience

Our webinar is aimed at purchasers, distributors, end users, designers, engineers, technicians, developers, safety managers and educators at institutes

## Objective

Join our webinar to discover how the new HEICO-LOCK® Reaction Washers allow you to safe and precisely tighten large bolted joints with high-torque tools, while effectively preventing self-loosening of the bolt.

*Free participation!*
